

21 May 2013

Requirements for external users of the Vienna VLBI Software (VieVS)

- 1) External users are welcome to use VieVS or parts of it, however for scientific and non-commercial purpose only.
- 2) External users are encouraged to report errors and bugs and to make recommendations for the next update.
- 3) VieVS will be put to a password-protected ftp site. With every new release, new passwords will be provided to all registered users.
- 4) External users should sign a document which they send per regular mail to the GEO Vienna.

Presently, the reference for VieVS is:

J. Böhm, S. Böhm, T. Nilsson, A. Pany, L. Plank, H. Spicakova, K. Teke, H. Schuh. The new Vienna VLBI Software VieVS, in Proceedings of IAG Scientific Assembly 2009, International Association of Geodesy Symposia Series Vol. 136, edited by S. Kenyon, M. C. Pacino, and U. Marti, oo 1007-1011, 2012, doi: 10.1007/978-3-642-20338-1_126
